I am a third year PhD student at University of Avignon / LIA. I am working in Natural Language Processing field and I am particularly focused on Named Entities, Information Filtering, Attributes extraction and Information Retrieval. I have participated to several evaluation campaigns (TREC, TAC and INEX) and published my work in international conferences (WI'11 and SIGIR'13) and in major French conferences in information retrieval (best paper at CORIA'13) and NLP (TALN).

Education

- September 2010 **PhD Thesis, Laboratoire Informatique d'Avignon (LIA), Avignon.**
– Now Supervised by Patrice Bellot (patrice.bellot@lsis.org)
- 2008–2010 **Master's degree in Computer Science with High Honours (mention très bien), CERI, Avignon.**
- 2007–2008 **Bachelor's degree in Mathematics and Computer Science, CERI, Avignon.**
